

Bulk Liquid Operations (QCF)

This QCF qualification provides recognition of the skills, competence and knowledge of individuals working in Bulk Liquid Operations at Level 2.

Document detail:

Level 2 Diploma in Bulk Liquid Operations (QCF) - 39 Credits

Who is the Qualification for:

This qualification has been designed for those working in Bulk Liquid Operations. To achieve the Diploma candidates must complete twelve mandatory units which cover the monitoring and maintaining of equipment and infrastructure; the preparation of pipelines and hoses; controlling the transfer of bulk liquid products; providing product control information; establishing and maintaining effective working relationships and contributing to the safety of bulk liquid operations. Candidates also have the choice of completing four additional units that deal with cleaning bulk liquid storage tanks and packaging bulk liquid products.

This qualification confirms occupational competence in Bulk Liquid Operations at Level 2 and learners have the opportunity to progress to team leader or management roles and associated qualifications at Level 3.
