

Health, Safety and Environmental Management for the Extractive and Minerals Processing Industries (QCF)

These QCF qualifications will provide recognition of the skills, competence and knowledge of individuals who work in health, safety and environmental management for the extractive and minerals processing industries.

Document detail:

**Level 4 Diploma in Health, Safety and Environmental Management
for the Extractive and Minerals Processing Industries (QCF)**

- Non-Quarry Operations - 79 Credits required
- Quarry Operations (non-blasted) - 86 Credits required
- Quarry Operations (blasted) - 90 Credits required

**Level 4 Diploma in Health and Safety Management
for the Extractive and Minerals Processing Industries (QCF)**

- Non-Quarry Operations - 50 Credits required
- Quarry Operations (non-blasted) - 57 Credits required
- Quarry Operations (blasted) - 61 Credits required

**Level 4 Diploma in Environmental Management
for the Extractive and Minerals Processing Industries (QCF) - 48 Credits**

Who are the Qualifications for:

These Level 4 qualifications provide recognition of the skills and knowledge of individuals working in health, safety and environmental management in the extractive and minerals processing industries. They cover managing health, safety and environmental improvements; identifying health, safety and environmental hazards and risks; managing teams and individuals; and health and safety and environmental knowledge.

Diploma in Health, Safety and Environmental Management for the Extractive and Minerals Processing Industries (QCF)	Level 4 600/1224/9
Last Registration Date	31 st January 2016
Last Certification Date	31 st January 2019

This qualification contains the following Pathways:

- For the Non Quarry Operations Pathway: 10 Common Mandatory Units totalling 79 Credits are required.
 - For the Quarry (non-blasted) Pathway: 10 Common Mandatory Units plus one Quarry (non-blasted) Mandatory Unit totalling 86 Credits are required.
 - For the Quarry (blasted) Pathway: 10 Common Mandatory Units plus two Quarry (blasted) Mandatory Units totalling 90 Credits are required.
-

Mandatory Units

- SHE 4.1 Contribute to a Positive Environmental Culture in Extractives Industries Sites - 7 Credits
 - SHE 4.2 Contribute to a Positive Health and Safety Culture in Extractives Industries Sites - 7 Credits
 - SHE 4.3 Environmental Knowledge for Extractives Industries Sites - 4 Credits
 - SHE 4.4 Health and Safety Knowledge for Extractives Industries Sites - 5 Credits
 - SHE 4.5 Identify Environmental Aspects and Reduce Impacts in Extractives Industries Sites - 11 Credits
 - SHE 4.6 Identify Health and Safety Hazards and Reduce Risks in Extractives Industries Sites - 11 Credits
 - SHE 4.7 Identify, Recommend and Support Environmental Improvements in Extractives Industries Sites - 7 Credits
 - SHE 4.8 Identify, Recommend and Support Improvements to Health and Safety in Extractives Industries Sites - 8 Credits
 - SHE 4.11 Supervising Teams and Individuals in Extractives Industries Sites - 10 Credits
 - SHE 4.12 Supervisory Knowledge for Extractives Industries Sites - 9 Credits
-

Quarry (non-blasted) - Mandatory Unit

- SHE 4.10 Supervise Quarrying Health and Safety - 7 Credits
-

Quarry (blasted) - Mandatory Units

- SHE 4.9 Knowledge of Drilling and Blasting for Quarries Supervision - 4 Credits
 - SHE 4.10 Supervise Quarrying Health and Safety - 7 Credits
-

Diploma in Health and Safety Management for the Extractive and Minerals Processing Industries (QCF)	Level 4 600/1223/7
Last Registration Date	31 st January 2016
Last Certification Date	31 st January 2019

This qualification contains the following Pathways:

- **For the Non Quarry Operations Pathway:** 6 Common Mandatory Units totalling 50 Credits are required.
 - **For the Quarry (non-blasted) Pathway:** 6 Common Mandatory Units plus one Quarry (non-blasted) Mandatory Unit totalling 57 Credits are required.
 - **For the Quarry (blasted) Pathway:** 6 Common Mandatory Units plus two Quarry (blasted) Mandatory Units totalling 61 Credits are required.
-

Mandatory Units

- SHE 4.2 Contribute to a Positive Health and Safety Culture in Extractives Industries Sites - 7 Credits
 - SHE 4.4 Health and Safety Knowledge for Extractives Industries Sites - 5 Credits
 - SHE 4.6 Identify Health and Safety Hazards and Reduce Risks in Extractives Industries Sites - 11 Credits
 - SHE 4.8 Identify, Recommend and Support Improvements to Health and Safety in Extractives Industries Sites - 8 Credits
 - SHE 4.11 Supervising Teams and Individuals in Extractives Industries Sites - 10 Credits
 - SHE 4.12 Supervisory Knowledge for Extractives Industries Sites - 9 Credits
-

Quarry (non-blasted) - Mandatory Unit

- SHE 4.10 Supervise Quarrying Health and Safety - 7 Credits
-

Quarry (blasted) - Mandatory Units

- SHE 4.9 Knowledge of Drilling and Blasting for Quarries Supervision - 4 Credits
 - SHE 4.10 Supervise Quarrying Health and Safety - 7 Credits
-

Diploma in Environmental Management for the Extractive and Minerals Processing Industries (QCF)	Level 4 600/1222/5	48 Credits
Last Registration Date	31 st January 2016	
Last Certification Date	31 st January 2019	

For the Diploma: 6 Units totalling 48 Credits are required.

Mandatory Units

- SHE 4.1 Contribute to a Positive Environmental Culture in Extractives Industries Sites - 7 Credits
 - SHE 4.3 Environmental Knowledge for Extractives Industries Sites - 4 Credits
 - SHE 4.5 Identify Environmental Aspects and Reduce Impacts in Extractives Industries Sites - 11 Credits
 - SHE 4.7 Identify, Recommend and Support Environmental Improvements in Extractives Industries Sites - 7 Credits
 - SHE 4.11 Supervising Teams and Individuals in Extractives Industries Sites - 10 Credits
 - SHE 4.12 Supervisory Knowledge for Extractives Industries Sites - 9 Credits
-
